

## 3/2- en 5/2- weg voetbediende ventielen

| TECHNISCHE GEGEVENS        |   |
|----------------------------|---|
| Huis- en ventiel materiaal | ABS - Polyarylamide - Acetalic resin                |
| Aansluitingen              | G1/8, insteekkopp. Ø 4, 6 of 8 mm                   |
| Werkdruk                   | 0 tot 10 bar  |
| Bedieningskracht           | 170 N   |
| Omgevingstemperatuur       | -20 tot +80° C                                      |
| Medium                     | perslucht, gefilterde (50F), gesmeerd of ongesmeerd |

| Symbool                        | Kleur  | Bestelnummer |          |          |          | Type                            |                                     |
|--------------------------------|--------|--------------|----------|----------|----------|---------------------------------|-------------------------------------|
|                                |        | Ø 4          | Ø 6      | Ø 8      | G 1/8    |                                 |                                     |
